

SECURITY INDUSTRY ASSOCIATION AND ISC SECURITY EVENTS OPEN CALL FOR PROPOSALS FOR ISC EAST AND WEST

Speaking proposals are being accepted for the SIA Education@ISC conference programs at ISC East 2023 (Nov. 14-16 in New York City) and ISC West 2024 (April 9-12 in Las Vegas).

SILVER SPRING, Md. – The Security Industry Association (SIA) and ISC Security Events are seeking proposals from subject matter experts for the SIA Education@ISC conference programs at [ISC East](#) 2023 and [ISC West](#) 2024 – two of the leading security industry conferences and expositions each year. ISC East 2023 will take place Nov. 14-16 at the Javits Center in New York City, and ISC West 2024 will be held April 9-12 at the Venetian Expo in Las Vegas, Nevada.

“Following a year of record attendance for SIA Education@ISC West, we are excited to announce our Call for Proposals for ISC East 2023 and ISC West 2024. Our goal is to develop a robust program that brings diverse people and perspectives together to ultimately move the industry forward through innovation, collaboration and thought leadership,” said Dr. Elli Reges, director of learning and development at SIA. “The Advisory Board will place a renewed focus on artificial intelligence and automation, cybersecurity and data analytics, where there is considerable opportunity for upskilling and information sharing.”

“Education is an essential part of the ISC East and West programs each year, and in partnership with SIA, we always strive to deliver a lineup of informative, engaging sessions that offer critical information on the most innovative, relevant technologies in security and public safety,” said Mary Beth Shaughnessy, event vice president at ISC Security Events. “If you or a colleague have an idea for a session that offers best practices, lessons learned, case studies or other insights that would benefit ISC East or West attendees, we encourage you to submit your proposal today.”

ISC East is the top security industry conference and exposition in the Northeast, and ISC West the leading comprehensive and converged security trade event in the United States. Both ISC East and ISC West offer specialized education tracks for physical, IT and Internet of Things (IoT) security integrators, dealers and end-user decision makers from various vertical markets. All sessions are strictly commercial-free and offer countless insights into today’s security market. The SIA Education@ISC conference programs are seeking creative session proposals on topics like:

- Access and identity management
- Cybersecurity and IT
- Dealer, installer and integrator
- Detection and response/end user
- Physical security
- Risk management and public safety
- Drones and robotics

Proposals for ISC East 2023 and ISC West 2024 are due Friday, June 9. Speakers will be notified of their proposal statuses by Friday, Oct. 6. [Submit your ISC East proposal here](#), and [submit your ISC West proposal here](#).

About ISC Security Events

The International Security Conference & Exposition (ISC) security events are the leading exhibitions for the security tradeshow industry, ISC Security Events are held in collaboration with premier sponsor SIA and are the only holistic security events strategically designed to provide products, technology, education and networking covering physical, IT and IoT security. ISC runs various regional events across North and South America, which range in a variety of different formats, each designed to connect you directly with suppliers and buyers in the security and public safety industry.

About the Security Industry Association

SIA is the leading trade association for global security solution providers, with over 1,300 innovative member companies representing thousands of security leaders and experts who shape the future of the security industry. SIA protects and advances its members' interests by advocating pro-industry policies and legislation at the federal and state levels, creating open industry standards that enable integration, advancing industry professionalism through education and training, opening global market opportunities, and collaborating with other like-minded organizations. As the premier sponsor of ISC Events expos and conferences, SIA ensures its members have access to top-level buyers and influencers, as well as unparalleled learning and network opportunities. SIA also enhances the position of its members in the security marketplace through SIA GovSummit, which brings together private industry with government decision makers, and Securing New Ground, the security industry's top executive conference for peer-to-peer networking.
